Health and Safety Policy

Dorning Crushers (Portershoek Quarry) is a recognized and respected Company which extracts Aggregates through: Drilling; Blasting; Excavating; Loading; Hauling Crushing and Screening Operations. All crushed products get stockpiled and ready for sales to customers.

As Dorning Crushers (Portershoek Quarry) we recognize that we have an obligation towards our employees, service providers, contractors and customers, ensuring a safe and healthy operating environment. Our health and safety commitments apply throughout the development, operation and management of all our plant and products, locally.

Dorning Crushers (Portershoek Quarry) aims to achieve our mission, vision and values by integrating health and safety management into its business through ensuring that we together comply with the MHSA No. 29 of 1996:

- Develop, implement and maintain health and safety management systems that are consistent and aligned with recognized regulations and standards that suit the nature and scale of our diverse operations;
- Comply with legislation relevant to our businesses in the country in which we operate;
- Adhere to all other requirements, standards and codes of practices to which the company subscribes;
- Identify, assess and adopt appropriate measures to prevent, minimize or eliminate risks to employees and relevant parties (contractors and visitors) and be prepared to respond to any emergency;
- Demonstrate responsible behavior in terms of health and safety, through:
 - setting strategic objectives and targets that will be reviewed annually in accordance with the Company's Health and Safety strategy and ongoing performance;
 - ensuring the health and safety of relevant and affected parties without affecting the quality of our service;
 - implementing reporting systems that are consistent, easy to use and conform to the Company's corporate requirements;
 - promoting and encouraging a health and safety culture throughout the Company;
 - applying sustainable health, safety and environmental criteria in the sourcing of goods and services;
 - training and developing our employees and providing the necessary resources required to meet our health and safety targets; and
 - Continually review, update and improve our Health and Safety Policy, strategy, objectives and performance to achieve a "zero tolerance" towards harm to employees, contractors and visitors.

Dorning Crushers' (Portershoek Quarry) Health and Safety Strategy and Policy demonstrate our commitment to a safe and healthy operating environment and our continual improvement towards achieving our sustainable business strategy.

Policy Review: Due to the ever-changing Environment in which our business functions it may become necessary to revise our Health and Safety Policy from time to time. As a minimum the policy will be reviewed every two years.
